English Academic Writing - Basic

Notes

Introduction: How to Write an English Essay - English as is.

Let's try to write an English essay with English native speakers' approach!

English as is - remove 'the interference of mother tongue as much as possible!'

How to write an essay is completely different from each other by language respectively.

For instance,

English essay is based on:

- Scheme
 - Introduction
 - Body
 - Conclusion

Japanese essay:

- Scheme - Kishoutenketsu which derives from the ancient Chinese poem.
 - Introduction
 - Development
 - Twist
 - Conclusion

Therefore:

You need to write an English essay with its writing approach!

Bad example;

Drafting an English essay in Japanese.

- Translated Japanese into English.
- English essay with Japanese writing style.

Most English native speakers don't understand what it says even in English translation.

In summary:

Let's write an English essay with its approach!

Next topic - Scheme and method of English essay.
